INSTALL GRAB RAILS OFF STUD!

MAGNUM® BOARD

fischer

MAGNUM BOARD 12MM EZI-LINE WALL SHEETS

- Silica Free
- Non Combustible + Zero Flame Spread
- Comes in Rebated and Square edge
- Grab rails can be installed off stud
- High impact resistant
- CO^2 Negative
- Rigid Boards = Less waste on site

Installing a grab rail off stud is straightforward using **Magnum Board 12mm Ezi-Line Wall Sheets** and **Fischer DUOTEC 10**. Only one sheet is needed, allowing for easy installation, thus saving time and ensuring a secure setup for peace of mind.

fischer DUOTEC

The Fischer DUOTEC can be installed anywhere using 10 or 12 mm drill bits and is capable of supporting heavy loads off stud.

Supplied by and Exclusive to

AnchorMark
